Join us in making a difference

Do you have a warm presence?

We create a warm and neutral space to help families feel welcome, respected and safe whilst children reconnect with their non-resident parent or family member.

The role involves creating an environment grounded in positivity, empowerment, trust, and safety, often at moments that really matter.

You'll be the meeter and greeter, the tissue-passer and steady presence when things feel tough. Responding with calm, reassurance and kindness.
